

FOUNDER LETTER

GREATMAN PHOTO AS CHOSEN HERE

Welcome to the Great People's Foundation website. As we are very passionate about our goal of "changing the world, one soul at a time," we would like to introduce you to our most worthy cause. Great People's Foundation (a.k.a., GPF) is a non-profit 501(c)(3) organization that works in sorely under-served regions of Africa and other areas of the world to improve the lives of people who are living in often deplorable conditions. We are an organization whose founder and principals are looking to the immense power of individual and corporate donation to make a real difference in the lives of deprived and disadvantaged people.

A major problem faced by people in under-served areas worldwide is the lack of sanitation and proper water systems. One of our primary focuses is the development of chlorinated boreholes in remote areas to avoid the sadly routine spread of diseases such as malaria, dengue fever, typhoid, cholera, dysentery, and others. GPF is also interested in creating counseling facilities for educational purposes on AIDS and HIV, distributing condoms, and providing necessary, localized healthcare.

We also want to focus on the educational needs of these children directly by providing them with a school supplies such as uniforms, books, pencils, and chalk, as well as crucial transportation for those who often have to walk miles to get to school and back. We also want to first help renovate schools and then outfit them with computers, books, blackboards, desks, and classroom chairs. We also look forward to providing needy clinics with crucial modern equipment and medical supplies and communities themselves with general health services, assisting local churches with outreach programs, providing clothing for all ages, and working with local populations to teach and establish important sustainable farming and cultivation processes.

We are targeting grants, as well as individual and corporate sponsorships that can assist us in our quest to help those less fortunate than ourselves. We are authorized under our charter to receive tax-deductible bequests, devices, transfers or gifts under section 2055, 2106, and 2522. In addition to actual funds, we will of course graciously accept donations of products from manufacturers and retailers and services from professionals such as doctors, teachers, attorneys, agricultural and construction experts, and so on.

You can contact us here at GPF at 1-888-631-9977 OR 718-210-3309 or by email at info@greatpeoplesfoundation.org or you can send your tax-deductible donations to us directly at Great People's Foundation – 974 East 104th Street, Brooklyn, NY 11236. If you would be interested in donating products on behalf of your company or your time and/or services, please let us know. And of course, I invite you to keep in touch with our website, where we will be providing regular updates on the progress of our programs.

Thank you in advance for your kind consideration, and look forward to your assistance in transforming the lives of the people who need our help most...one soul at a time.

Sincerely,
