

# Happy Piano Jamboree

For Two Year Olds

Newly Learned Life Skills

for Your Little One

That Will Last a Lifetime

Music has its charms...  
and its magic

Did you know just listening to or playing music during the crucial "Language Window" (ages 2-6) can improve your child's "higher brain function" skills?

(This includes reading and literacy, memory, emotional intelligence, and general reasoning.)

## Our Happy Piano Jamboree

with personalized attention for  
each and every child  
gives your child amazingly helpful  
tools that last a lifetime.

Early childhood education of any kind instills a crucial set of life skills that will continue to benefit your children time and time again.

### IT IS NEVER EVER TOO EARLY

to introduce your child to the wonders of enjoying music! Fun and interactive, Happy Piano Jamboree is specifically designed by experts in early childhood music education and taught by our awesome Happy Piano Coaches!

# Happy Piano Jamboree

For Two Year Olds

*Building Brilliant Minds*

**Through Music**

## A **Fun-Fun-Fun** Music Program

*with a splash of keyboards...*

...that will give your little one a truly smart and fun head start by supplying them with learning and interacting tools that will last them a lifetime!

Our popular Jamboree Class combines a universally proven, cutting-edge mix of music and interactive elements that stimulate and improve your child's early brain development.

Happy Piano Jamboree features... Fun song and dance sessions with other classmates in the Jamboree Band!

Jamboree-ers enjoy playing percussion instruments, dancing, singing, and jamming together!

Jamboree'ers learn the music alphabet, music theory, terms and dynamics, while enjoying a splash of doodling on an actual keyboard!
